

# RUSSELL'S FIRESIDE

## *Our Dining Philosophy*

---

*At Glacier National Park Lodges, we believe that increasing the **sustainability** of natural systems is not just good business, it is the right thing to do. All of our menu items feature **sustainable** ingredients, and in many cases are **locally sourced**. Sourcing **locally** along with **recycling**, **composting** and **water management** are a few of the ways we try to do our part to reduce the effects of global warming. We encourage you to look for ways **you** can help too.*

*You'll notice the **icons** below appear frequently throughout our menu. Our guiding philosophy is to provide every guest with a **delicious** and **sustainable** taste of Montana.*

*What does Montana taste like? We find it to be "Comfortable Adventure". The National Park Experience is full of discovery; your dining adventure is no different. Our award-winning wine program blends unexpected value with exotic flavors and grape types. The Quick List of 8 Wines for \$30 provides easy-to-enjoy wines. You will find staff-approved wine suggestions under this menu's carefully crafted entrée selections. Our true natural resource is our talented and committed staff. They will be happy to provide personal stories and recommendations, be they food and cocktails or bears and hiking, for your 2023 Lake McDonald Adventure.*

*Enjoy!*
